### Easy visitor management and support

Sine brings integrated visitor and contractor management services across all New Corp corporate, logistics and operational assets in Australia.

*"The helpdesk service is outstanding, everyone is so helpful and the response is almost immediate."*

#### Company

As Australia's number one media company, News Corp Australia is part of the world's largest and leading global media and information service.

Each month, more than 16 million Australians consume news and information across their suite of digital and traditional print products; more than any other media group in Australia.
